WILLIAM DOLAN.

The Death of Another Prominent Omaha Man.

Those who had known Mr. William Dolan, the senior member of the firm of Dolan & Langworthy, of this city, were shocked yesterday at the news of his death, which, though not -Two men met on the crossing near entirely unexpected, was nevertheless

He enlisted in the navy at the out-break of the war of the rebellion and

At the close of the war he removed to Lyons, Iowa, May 16th 1865, and engaged in the hardware trade. June 18th, 1866, he was united in marriage to Miss Ciara E. Cole, who survives him, together with two daughters, Gerirude, aged 15, and Louise, aged 9.

In 1880 Mr. Dolan moved to Dubuque and in the following year came to Omaha, where he has since resided. Here he engaged in business at once with Mr. Langworthy in the hardware line, and had every promise of a bright future before him and of holding his place among the first mer-chants of our city when it shall have grown to more metropolitan importancs. Mr. Dolan was always confi-dent in one thing—the great and pros-perous future of Omaha and those who knew him intimately little hought that he would be cut off so

early from the realization of his hopes. Mr. Dolan was a member of all the higher bodies of Masonry and an active, working member of the Scottish Rite bodies, in which branch he took peculiar interest. In private life he was one of the most genial and pleasant of friends, warm hearted and enthusiastic. Those whom he took into his friendship were deeply attached to him and mourn his loss as that of a brother. His family have the deepest sympathy of all in the loss of one whose first duty was always to that family, a duty he never failed to discharge in the noblest manner.

CALLED INTO COURT.

The Manager and Editor of The Oma ha Republican Charged With Oriminal Libel.

Last evening, Mr. Rosewater, edi tor of THE BEE, filed a complaint in Judge Beneke's court, charging the manager and editor of The Omaha Republican with criminal libel in reproducing an article from The St. Paul Phonograph to the following effect:

"Mr. Rosewater makes a piteous appeal to the old soldiers, and if tradition is truthful this is not the first time he has sued for mercy. The other time was when Grant's army evertook the little confederate spy and talked of stringing him up.
The fright received there made a republican of him, but he is a spy and traitor now, always has been, and always will be.
The old soldiers will be merciful now as then, and permit him to live, even as the snakes live dearing the everywhen? snakes live, despised by everybody.

The warrant will probably be served apon the parties this morning.

Mr. Ezra Smith, who is well known to many of our readers as one of Cuming county's hardest working and most trust-worthy farmers, has lately sold the undivided half of his farm (200 acres) to George Canfield, of Omaha, and these two gentlemen in partnership propose to go into farm. ing on a large scale. They have purchased an adjoining quarter section of land, giving them a farm of nearly 600 acres. The chief part of their attention will be devoted to atock reising and they have already commenced the erection of buildings, pens, fences, etc. A barn, which is now in process

of erection, will be, when completed, one of the finest in the country. Mr. Smith has already expended some \$1,200 on improvements and isn't done yet. - [West Point Republican.

THE SWEDISH NIGHTINGALE

Anxiety to Hear the Famous Soprano Prima Donna.

The box office at the opera house was open yesterday for the sale of reserve seats for the Nilsson concert. which will take place in this city on Tuesday evening, the second day of January. As was anticipated a great deal of interest had been excited, not only in the city but throughout the state, in this coming musical event and it was expected that there would be a rush for seats, and the expectation was not disappointed.

The prices were unusually high being \$2, \$3 and \$4. The \$4 seats are those in the parquet and the first five rows in the parquet dress circle, to-gether with the first two rows in the balcony circle. The \$3 reats are the three back rows in the parquet circle and the second, third, fourth and fifth rows of the balcony. The \$2 seats are the last two of the balcony. These are the only seats that will be sold up to the night of the concert when the general admission charge to any part of the house, in-

cluding the gallery will be one doliar, There was an immense crowd on hand yesterday at 9:30, and ore & Co. half of the house was sold in the first hour, the line of people extending clear up the stairs leading to the auditorium and filling the vestibule in front of the box office. Not more than ten seats were sold to any one person and while a few were bought up by speculators the sale was not as large in that direction as usual. The Union Pasific applied for 100 reserved seats to ancomodate excursionist? who would come on their line, and were refused, as it was determined to to give citizens of Omaha the first chance, and if they wished it they could have the whole house, after which visitors could reserve seats. The sale, while not as large in the number of seats sold as that for the Boston Ideal company, was the largest in point of receipts ever made in the city, the prices being so much higher than usual. A number of telegrams were re-

and a number of seats will be reserved in response to these. The Union Pacific has offered a special rate of one fare for the round trip from a dezen or more stations on

its line, and if the number warrants it will run a special train returning after the performance. A very large attendance is expected from neighboring towns and there is no doubt that the opera house will be packed from pit to dome.
